Iridium 9555 Standard Kit \$1429 new

Iridium 9505A Standard Kit \$895 used

The Iridium satellite network provides global voice, data, internet, fax, and SMS messaging. Our Iridium Standard Kit includes the phone, a padded soft case, leather holster, a battery, AC charger with 5-piece international plug kit, DC "car" charger, a magnetic mount car antenna with 1.5 m cable, antenna adapter, earpiece, and instruction guide.

SERVICE PLANS: Outfitter Satellite offers prepaid and postpaid service. Special Alaska-Canada prepaid plans are available for users operating within 12-nautical miles of shore. Global coverage plans are available for everyone else.

ALASKA / CANADA REGIONAL PREPAID		200 Minutes
		\$198
valid 6 months 99¢/min		
Voice to PSTN	Basic Rate	
Voice to Iridium or to your Voicemail	0.75 xBasic Rate	
Data to Iridium's Direct Internet Service, data to another Iridium, data to PSTN	1.50 xBasic Rate	
Inbound 2-stage via U.S. 480 area code	1.50 xBasic Rate	
Calls to other satellite networks	13.5 xBasic Rate	
Outbound 160-character SMS messaging	12 units	
VALIDITY RULES: Valid for 6 months after initial activation. The Minute assumes a Basic Rate service and equals 24 units; No call detail; billing in 20 second increments.		

AddValue Wideye Sabre I
 BGAN terminal for high speed internet

Wideye BGAN Standard Kit \$995 new

- **Voice**
- **High Speed Internet**

The Broadband Global Area Network (BGAN) developed by Inmarsat provides mobile voice and broadband internet access using a small portable terminal. Service is now available in much of Alaska. At only 3.6 lbs, the **Wideye** by *Add Value* is one of the smallest and lightest BGAN terminals. It has a standard phone jack and can be used with conventional home phone systems. An optional wireless BlueTooth phone is also available.

CAR DOCK PROMOTIONS WITH PREPAID SERVICES

Nashville, TN 615-889-8833 / www.OutfitterSatellite.com / recharge@OutfitterSatellite.com

IRIDIUM 9505A DOCKING STATION COMBO KIT **\$3295**

- Iridium 9505A Standard Kit includes: 9505A, leather belt holster, universal AC charger, international plug kit, high capacity battery, mag-mount car antenna with 1.5 meter cable, antenna adapter, DC auto accessory charger, hands free earpiece, & manual.
- Docking Station includes: 12 VDC power adapter and 115-240 VAC 50/60 Hz wall power adapter.
- Mast Antenna (1" threaded pipe mount type antenna)
- Antenna Cable (10-meter TNC-to-TNC type)

The docking station integrates powerful sound processing technology that helps eliminate background sound often associated with Iridium calling and allows DTMF (touch tone) reception. A ringer indicates inbound calls. Internet data access is supported via a 9-pin serial port.

Combine the flexibility of a portable handset with the convenience of docking that handset for below decks or indoor use. The docking station can be connected to any standard RJ-11 phone system.

- Sound quality better than any Iridium you have ever heard!
- Charges your 9505A while docked
- Plugs into ordinary cordless phone equipment

Iridium 9505A Marine Docking System
Options include marine and vehicular antennas and a lightning suppressor kit.

BEAM RST100A

- Satellite Transceiver with data cable, 110/240 AC-DC supply, mounting bracket, user guide, and installation CD
- Mast Antenna (1" threaded pipe mount type antenna)
- 10-meter Antenna Cable (TNC-to-TNC)

The RST100 Remote Satellite Terminal by BEAM provides voice, data, and messaging services through the Iridium network. A standard RJ-11 phone (not included) can be used with this system. Data at 2400 bps is supported using an RS-232 serial port. An LED display indicates the status of power, satellite signal strength, ongoing call status, and voicemail waiting. *Options: External Ringer/Alarm, Intelligent Handset, 20-meter cable set. DC-powered unit (RST110).*

POTS phone (left top) and Intelligent Handset (right top) not included with BEAM RST100 Fixed Site Iridium System.

BEAM RST100A SPECIFICATIONS :

Dimensions: 8.8" x 10.6" x 1.2" (22.5 x 27.1 x 4.5 cm)

Rack mount console weight: 4.9 lbs (2.25 kg)

Operating Temperature: 5°F (-15°C) to 131°F (55°C)

Storage Temperature: -22°F (-30°C) to 158°F (70°C)

Humidity: 93% NonCondensing

Power: 11-32 VDC. At 12 VDC, the unit (without intelligent handset option) draws 0.35 Amps in standby, 0.51 Amps while transmitting. An 110/240 AC power supply is supplied with the RST100.

ANTENNAS

There are a variety of mast type and vehicular antennas. Antenna cables are available in 10, 20 and 25-meter lengths.

IRIDIUM REGULAR PREPAID SERVICES: Prepaid SIM card validity is measured from the activation date if a nonzero balance is maintained on the card. If a zero balance remains on the card for 15 days, the SIM card becomes permanently inactive. Subsequent reload vouchers add validity to remaining units on SIM card relative to the current expiration date, except that there is a maximum validity of 24 months from the date of any given reload regardless of how many reload vouchers are applied on that date. Monthly call details are not available with this service. Billing is in 20 sec increments. Basic Rate services are charged at 60 units per minute and include data calls, outbound voice calls to public switched telephone numbers and inbound calls on Iridium two-staging dialing. The current rates for other types of calls are posted at www.OutfitterSatellite.com. Adding a regional prepaid voucher to this account will forfeit any existing balance.

REGIONAL PREPAID VOUCHERS ONLY FOR REGIONAL PREPAID PLANS

QTY	VOUCHERS FOR ACTIVATION OR RELOAD	UNITS	VALIDITY	ACTIVATION	COST
	ALASKA/CANADA VOUCHER 200 Basic Rate Minutes	4800units	6 month	\$65	\$198
	AFRICA REGIONAL VOUCHER 300 Basic Rate Minutes	7200units	12 month	\$65	\$252

IRIDIUM REGIONAL PREPAID SERVICES: Prepaid SIM card continues to be valid for the amount of validity time indicated on the order page relative to the activation date or last reload date if a nonzero balance is maintained on the card. If a zero balance remains on the card for 15 days, the SIM card becomes permanently inactive. Monthly call details are not available with this service. Billing is in 20 second increments. The Basic Minute is 24 units (that is Basic Rate services are 24 units per minute and include voice calls to PSTN numbers). The current rates for other types of calls are posted on Outfitter Satellite's web site. Origination of calls and SMS is restricted to the home zone of the regional prepaid service. Existing prepaid account balance will be lost if a regular prepaid voucher or a different type of regional prepaid voucher is loaded onto this account.

60-MINUTE VIRTUAL SCRATCH CARDS ONLY FOR CAPTAIN'S SIM CARDS

Indicate number of 60-min Virtual Scratch Cards being purchased: _____ at \$90.00 each plus tax/USF

Virtual Scratch Cards are valid 12 months from initial use or 24 months from purchase. For use with CAPTAIN'S CARD.

FUTURE RELOAD AUTHORIZATION

The Customer authorizes the use of his/her credit card account for future reload voucher purchases to be applied to the Customer's prepaid SIM account(s), as indicated below. Customer agrees that any resulting charges by Outfitter Satellite to any credit card account authorized for purchases on the Customer's account with Outfitter Satellite by separately executed agreement(s) will be governed by the terms and conditions in the separately executed CUSTOMER ACCOUNT SETUP AGREEMENT (or Recharge Authorization Form). RECHARGES ARE USUALLY EFFECTIVE WITHIN ONE BUSINESS DAY AFTER A REQUEST IS PROCESSED. MONITORING ONLY OCCURS ON BUSINESS DAYS AND THERE IS NO GUARANTEE THAT A PREPAID ACCOUNT WILL NOT REACH A ZERO BALANCE BEFORE THE RELOAD OCCURS.

Standard Reload Authorization: Customer authorizes ONLINE, email, and over-the-phone purchases of vouchers. Outfitter Satellite is NOT responsible for lost minutes if the reload request is made less than 48 business hours before the expiration of validity.

Automatic Reload Authorization: By checking this option, Customer authorizes Outfitter Satellite to monitor his/her prepaid account(s). If the remaining minute balance drops below 60 minutes or the remaining validity below 1 month, we will automatically reload your account. Regular prepaid plans will be reloaded with a 500 Basic Rate Minute 12-month validity voucher. Regional prepaid plans will be reloaded with the same voucher last purchased for the prepaid account. This service depends on data feeds originating at Iridium which can be incorrect or delayed; for this reason, Outfitter Satellite has a maximum liability of \$100 liability (in the form of a store credit) if prepaid minutes are allowed to expire, and there is no liability if the customer's credit card is invalid.

By signing below, Customer is purchasing prepaid service, airtime, and/or usage as indicated above and agrees that the terms and conditions and payment method described in the separately executed CUSTOMER ACCOUNT SETUP AGREEMENT (or Recharge Authorization Form) with Outfitter Satellite, Inc apply to this purchase.
