THURAYA SUPERSIM PREPAID PHONE SERVICES: Prepaid Thuraya services are purchased in the form of vouchers with 39, 80, or 160 "units" of service. Customer understands that all amounts are in USD, and applicable taxes and government fees such as the Universal Service Fund (USF) fee will be added to the purchase. The unit per minute charge varies according to the type of call being made and the SIM card's rate plan and may change from time to time without notice. Current rates are published on www.OutfitterSatellite.com. Each of the "units" loaded onto your prepaid account correspond to \$1 of usage availability. On an EASY SuperSIM, 160 units correspond to 128 minutes of voice calling to public switched telephone numbers that are available to Thuraya, excluding satellite phone networks and data calls which are at higher rates. It is the Customer's responsibility to know the rate for any call prior to making that call. In particular, calls to other satellite phone systems may be at significantly higher rates. Prepaid usage that is not used during its validity period is lost. If Customer requests that Scratch Card (voucher) information is transmitted by e-mail or by other electronic means, then Customer bears the risk of loss; no replacement Scratch Card information will be provided. Unused prepaid airtime is not refundable. No call logs are provided with prepaid services. Card must show usage within 3 months of activation or it is deactivated. *(If the vouchers are applied to a regular prepaid SIM card account--which are no longer available for new activations--the vouchers add validity to the regular prepaid SIM--6 months for 80-unit voucher or 12 months for 160 unit voucher--except that there is a maximum validity of 18 months for the regular prepaid SIM account. Usage units not used during the validity period are lost.)*

ANNUAL RENEWAL FEE: Thuraya deducts an "Annual Renewal Fee" (ARF) from the usage credits on the SuperSIM card account on each anniversary of the SuperSIM's first call; customer receives a pre-notification of the ARF Fee via SMS messaging on the Thuraya phone. As of January 1, 2008, the amount of the ARF is dependent on the total Thuraya-Mode usage during the previous 12-month period as follows: if annual usage is less than \$120 of usage, ARF is \$99; if annual usage is between \$120 and \$2499.99, ARF is \$60; if annual usage is \$2500 or more, ARF is waived for that year. In the event that Thuraya cannot deduct the entire ARF Fee due to a low account balance, the SuperSIM card account will be deactivated after a 15-day grace period. Thuraya can change the ARF fee without notice. See www.OutfitterSatellite.com for current ARF fees.

VIRTUAL SCRATCH CARDS: Virtual Scratch Card orders are usually transmitted to your email address of record on the first business day after the request is processed. If Customer requests that Scratch Card (voucher) information is transmitted by e-mail or by other electronic means, then Customer bears the risk of loss; no replacement Scratch Card information will be provided.
